NOTE: It is the intent of the Wallingford-Swarthmore School District to remain neutral when families are split by divorce or separation. We do not wish to take sides with one parent against the other when there may be disagreements involving children. If one parent has a court decree, which has established the parent as legal guardian, that parent should provide the District a copy of the decree to be included in the child's permanent record. The decree will provide the legal basis for the School District to work with the custodial parent.

In the absence of such a document, you must be aware that we cannot deny either parent access to their child. We cannot withhold information or refuse to meet or work either parent. We cannot prevent either parent from picking up their child from school.
