STRATH HAVEN MIDDLE SCHOOL

200 SOUTH PROVIDENCE ROAD, WALLINGFORD, PA 19086-6334
(610) 892-3470 • fax (610) 892-3492

June 2020

To Parents/Guardians of in-coming 7th grade students:

In anticipation of your child attending seventh grade in the fall. Pennsylvania regulations require all students in grades K, 3, and 7 to have a dental examination. You can find the Dental form on the District web page under the Department tab, click on it and go to the Dental Health program. The Dental form is in the center of the page.

The form can be printed and must be completed by your family dentist and returned to school by October 2020. You are urged to take your child to your family dentist for examination to provide continuity of care. Your family dentist is familiar with your child and can give fluoride treatments as necessary.

Any dental exam done after September of 2019 will fulfill your child's obligation for their seventh grade State required dental exam. Once your child's dental exam is complete please have them bring the completed dental form directly to the Nurse's office/suite. Or your child's dental exam can be email to the school nurse at:
sschmidt-gillespie@wssd.org

We respectfully request your cooperation in regard to the health program in the Wallingford-Swarthmore School District.

Sincerely,

Susan Schmidt-Gillespie

Susan Schmidt-Gillespie, RN, BSN, CSN
School Nurse
