

Nether Providence Elementary

410 Moore Rd.
Wallingford, PA 19086

Friday, June 19

Good Afternoon,

I hope this message finds you and your families well. This past school year has certainly brought with it many challenges. Through it all, I have felt the support of our community, seen the dedication of our teachers and have grown an even deeper sense of appreciation for the wonderful school community that I have the privilege to serve.

As we look towards next year, there is still some unknown. However, we have been actively working on opening our schools in a variety of scenarios. We are awaiting state and local guidance on school openings, but we have and will be preparing for a myriad of scenarios. I sincerely hope that we will be together again in September. Should we face any challenges along the way, we will continue to meet them together as partners.

For now, I wish everyone a safe and healthy summer break. We miss our students and look forward to the day that we are together once again.

This year we celebrate the retirement of 2 special teachers who have had a tremendous impact on our school community for many, many years--**Mrs. DiDomenico** and **Mrs. Ranere**. They will be missed, but we are excited for them as they embark on this new chapter in their lives.

With these departures, I would like to announce the names of our two new fourth grade teachers. **Emma Forman**, who has been with us as a learning support teacher for 7 years, will be transitioning onto the fourth grade team.

In addition, we welcome **Shelby Harper** to the NPE family. Ms. Harper has taught for many years in Missouri and recently spent a year teaching 4th grade at the Swarthmore Rutledge School. Both Mrs. Forman and Ms. Harper are talented teachers and they will no doubt make great additions to the fourth grade team.

Thank you to all who participated in the survey sent out by the WSSD Board of Directors regarding the 20-21 school year start date. This will be discussed at the June 22 [Board Meeting](#). You should have received an update on the work being done by the Educational Committee regarding Flexible Instruction 2.0 from the Office of Curriculum under the direction of Dr. Citerelli-Jones. In addition, the district is working through physical building scenarios and health and wellness expectations for next year.

Fondly,

Al Heinle

Principal
Nether Providence Elementary

Summer Resources

Below you will find summer resources for your children from the district and building level. We encourage children to read throughout the summer! For our new kindergarten students please review our WSSD Kindergarten Readiness Brochure:

Rising Sixth Graders Reading/Math
