

Bowl of Fortune

Equipment: In order to play this activity you will need:

- Any ball
- 14 empty water bottles
- 27 small pieces of paper
- Marker
- Timer

Set-up: Write one letter of the alphabet on each small piece of paper. Write “wild card” on the final piece of paper. When finished, set up the water bottles in a 2-3-4-5 formation shown above, and place 2 letters under each bottle. Under one of the bottles place the wild card paper.

Directions: The object is to roll the ball and knock down water bottles. After each roll, gather the letters from under the water bottles that have been knocked down. If the “Wild Card” bottle is knocked down, you may choose any letter you did not get to help you make words.

You have 1 minute to use those letters to spell as many words as you can. Write those words in the space below. Play 4 rounds total.
