 Parent/Student Portal

Welcome to the Wallingford-Swarthmore School District Parent/Student Portal. From this site, parents/guardians of students in grades kindergarten through five are able to access their child's attendance information and mid-year and end-of-year progress reports. Middle school and high school students and their parents/guardians are able to access current grades and information about student assignments, attendance, discipline, and scheduling.

Access to the Parent/Student Portal provides parents the opportunity to be more informed about their child's academic progress and other pertinent information.

In order to access the Parent/Student Portal, you will need Internet access and a confidential username and password.

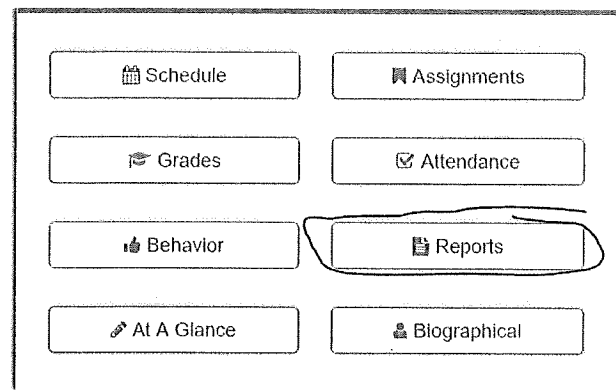

If you are a middle school or high school student, please use the following link to access the Student Portal:
