

What is InfoCenter?

InfoCenter allows you to personalize how you receive School Messenger communications from WSSD.

Do I need to sign up for InfoCenter?

No! If you do not sign up for an InfoCenter account you will continue to receive emergency alerts to your default Parent/Guardian contacts we have on file for you in the Student Information System (MMS): **Phone 1, Phone 2, Email 1, Email 2, Email 3.**

How do I sign up for InfoCenter?

Signing up is easy. Just use the email address that WSSD has on file for you in the Student Information System (MMS), and follow these steps:

1. Go to infocenter.schoolmessenger.com
2. Click the Sign Up Button on the top of the page, or Download the InfoCenter App from the Apple App Store or Google Play Market.
3. Enter your email address and create a password of your choosing. An email will be sent to that address with a secure token.
4. After authenticating via your email, return to InfoCenter and sign in using your email and password.

It's that easy!

What's in InfoCenter?

Once you've created your account, we'll automatically link the records associated with your email address. You can then:

- Add additional contact info to your account: up to a total of 4 phone numbers, 4 text numbers, and 4 email addresses can be assigned to your account. Click on Preferences and then Add More to add additional contacts.
- Review the last 30 days worth of messages sent to your account.

Is InfoCenter secure?

The sign-up process creates a secure link between the user and School Messenger. InfoCenter operates with the latest encryption technology to protect access to stored information. School Messenger is also a signatory of the Student Privacy Pledge, which requires us to adhere to 12 stringent data protection standards as a further assurance of our commitment to protecting your data.

No matter how you choose to receive notifications from your school or district, we'll keep all those communications in your InfoCenter inbox for 30 days.
