

How do I know if a book is JUST RIGHT ?

TOO TRICKY!

- too many of the words don't make sense
- hard to stay focused
- reading really slowly
- get tired pretty quickly, (not much stamina)
- the book is interesting to you
- 2-3 fingers-new words
- you can't wait to see what happens next
- your reading is mostly smooth with a few bumps
- you feel strong...want to keep going and going

TOO EASY!

- no effort...you can coast right through
- going so fast it's hard to focus
- not using any muscles-not getting stronger

JUST RIGHT!
