## Grade 12 Summer Reading 2023

The 12th-grade English curriculum, *The Will to Meaning in Literature*, has two core works and other student-selected texts. All seniors will study *Man's Search for Meaning* and they are encouraged to purchase and read that book prior to the start of the school year.

The following summer reading selections, **English and Social Studies**, thematically complement the 12th-grade curriculum. This list will help prepare you for next year's studies. In September, teachers in Language Arts and/or Social Studies classes will provide opportunities for students to discuss and write about their summer reading. Please note which works are *suggested* versus those that are *required*.

**NOTE: If you are in AP Literature or College Social Science Seminar, the summer reading is REQUIRED.**
